

OSHA APPROVED FIRST-AID PROVIDER

We supplement existing on-site first-aid care and reduce use of workers comp and medical systems.

TRI-SYNERGY
CORPORATE CARE

\$10:1

We have demonstrated a minimum **\$10:1 dollar savings**.
UP TO A 30:1 SAVINGS OF DIRECT COSTS

\$2500

The average contract **saves \$2500/employee** per year during the contract. SOME AS HIGH AS \$7500/EMPLOYEE.

2.5

We average **2.5 treatments/case**, resolving issues quickly without lost worktime.

INCREASE

- Productivity
- Employee Morale
- Presenteeism

REDUCE

- Total Injury Rate (TIR)
- Workers Comp Claims
- Healthcare Usage Costs

96%

96% employee engagement
(employees who use us within a year)

97%

97% pain improvement
(as reported by employees)

\$40,000-\$80,000

Trial Periods save companies between \$40,000-\$80,000.

One company saved \$180,000 in only the initial trial period and a company of 140 employees reported a 2013 savings of over \$1,000,000 for the calendar year.

MOST INJURIES BEGIN AS IRRITATIONS

- We treat irritations, muscle aches, and pains.
- We treat all muscles, joints, and ligaments of the body.
- We treat 4 employees per hour of contracted care.
- Off-site access is available for non-contracted hours.
- We use first-aid care to prevent: plantar fasciitis, carpal tunnel, rotator cuff injuries, low back pain, hip pain, tendonitis, sciatica.

We provide bi-annual reports on employee outcomes and OSHA estimated savings.

Our contracts have a 30-day opt out clause.

We seek a win-win relationship for employee and company.

"The relief you can bring from just one session is such a blessing."

"I'm so thrilled our GM is providing this service for us. Dr. Anthony is so wonderful and so effective at his job. I'm glad his schedule stays full. I think the partners finally realize the value and see that they don't have to suffer with his help!"
