Carolinas Contacts address issues and concerns of the roofing industry. Technology, test, and building codes are constantly changing, and such changes may not be reflected herein. All information is presented for the benefit of our readers and does not necessarily reflect the views of CRSMCA. Press releases and product information presented do not reflect all available materials. Before purchasing, installing, using, or recommending any product, system, or method, readers should make independent evaluations.

THE CRSMCA MISSION STATEMENT

To promote and safeguard the common business interest of its members and to improve conditions by educating all persons concerning the roofing and sheet metal business and industry. To work for the development and progress of the roofing and sheet metal business industry and to work with individuals' organizations and governmental agencies toward the achievement of a stronger profession of the roofing and sheet metal industry.

AFFILIATED WITH NATIONAL ROOFING
CONTRACTORS ASSOCIATION, INC.

Looking for Training Space in the Charlotte Area?

The CRSMCA headquarters features a conference room and a warehouse demonstration area...perfect for your next training event!

The conference room holds up to 40 people classroom style or set less for an employee or board meeting. The conference room hosts a screen for your projection needs and Wi-Fi.

The warehouse demonstration area is perfect for your set up of products and/or mock-up for the training event. The area is ventilated and can provide shelter in rain or cold weather.

Available for you is your CRSMCA support staff; available to accept shipments and assist with promotional exposure.

To reserve your space, contact the CRSMCA office at 704.556.1228 or cbsims@crsmca.org.

GUEST SPEAKERS

Mark Graham

NRCA, VP, Technical Services @MarkGrahamNRCA

Mark holds a Bachelor of Science degree in Architectural Engineering from the Milwaukee School of Engineering. Mark began his career in the roofing industry when he joined F.J.A. Christiansen Roofing Co., Inc., in Milwaukee, Wisconsin, as an estimator and project manager. Mark joined Wiss, Janney, Elstner Associates, Inc., in Northbrook, Illinois, as a project engineer

specializing in the investigation, design, and repair of roofing and waterproofing systems. Mark joined NRCA in 1993 and is responsible for the association's technical services section. Responsibilities of this section include response to inquiries for technical information and assistance, serving as the association's technical liaison with outside organizations, and developing and maintaining the association's technical documents, including The NRCA Roofing Manual. Mark is the staff liaison to NRCA's Technical Operations Committee and Manual Update Committee. He is also a contributing editor for Professional Roofing magazine.

(CONTINUED) GUEST SPEAKERS

Jared Ribble

NRCA, VP, Certifications

Jared serves the roofing industry as Vice President of Certification for NRCA. His team developed ProCertification®, the roofing industry's most comprehensive consumer protection program certifying a roofing installer's skills and professionalism. Jared is a sought-after speaker for regional association conventions, even keynoting the 2019 Roofing Contractors of

Texas convention. As a presenter, Jared combines passion with his own unique storytelling and facilitation style to help point roofing professionals toward actionable steps to develop roofing talent so building owners have confidence their roofs will protect them when it matters most.

Chris Kuykendall

Mule-Hide Products

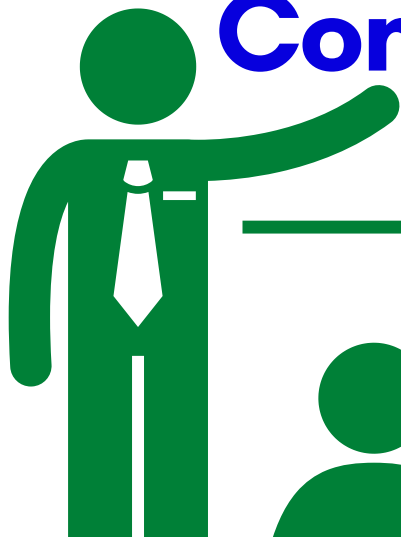

Chris holds a Bachelor of Science degree and Master of Arts from Liberty University. Chris began his career in the roofing industry when he joined EcoTrue Roof Systems in Dallas-Fort Worth, Texas, as managing partner. Chris joined Mule-Hide Products in July 2022 providing contractors, specifiers, and Mule-Hide Products associates and distributor partners with

training, education, and other support related to the company's portfolio of roof coatings, sealants, and adhesives.

"Chris brings a wealth of in-the-field experience in fluid-applied roof restoration - both as an installer and as an owner of a contracting firm," said Jeremy Grunewald, national product manager for Mule-Hide Products. "That breadth and depth of knowledge, coupled with his strong communication skills and team-oriented approach, will make him a tremendous resource for our contractors, building owners, design professionals, associates and distributor partners."
